Use: Hold the standard subcontractor statement or external SafeWork NSW form reference.			

The Subcontractor's Statement is the **standard SafeWork NSW form** (regarding workers compensation, payroll tax and remuneration), used only for Service Providers engaged in New South Wales. It is not reproduced here. The current version is downloaded from SafeWork NSW / Revenue NSW at the time of engagement and the completed statement is held on the project file. See the Appendix Register entry "Subcontractor's Statement".
